T20
FORMAT

Single round-robin league — every team plays every other team once. League play runs **Sept 19** through the playoffs, with the **Final on Oct 2**.

2 Playoff Structure

Rank 1 → Direct to Final

Rank 2 vs Rank 3 → Qualifier → Winner joins Final

The team finishing **1st** after the league stage goes straight to the Final. Teams ranked **2nd and 3rd** face off in the Qualifier — the winner plays the 1st-ranked team in the Final.

3 Points Table

Result	Points
Win	2 points
Loss	0 points
Tie (Super Over decides the winner)	Winner gets the match win for points

Ranking order: Points → Net Run Rate (NRR) → Head-to-Head

Net Run Rate (NRR)

$\text{NRR} = (\text{Runs scored} \div \text{Overs faced}) - (\text{Runs conceded} \div \text{Overs bowled})$, totalled across all matches played — not calculated per match.

- If a team is bowled out (all 10 wickets down) before facing its full 20 overs, the **full 20 overs** are still used in the calculation.
- Overs are counted in real balls — e.g. 19.3 overs means 19 overs and 3 balls, not a plain decimal.
- Abandoned or no-result matches are excluded from NRR entirely.

CAPTAIN

1

MANAGER

The squad is **13 players** — **11 bought through the Players' Auction**, plus the **Captain** (already assigned via the Captain's Auction) and the **Manager** (already assigned), both full playing members of the squad.

Every one of the 13 squad members — including the Manager and Captain — must feature in the Playing XI for a minimum of 2 matches across the season. The Manager and Captain are jointly responsible for making this happen through squad rotation.

Above ₹4,00,000	₹50,000

Purse Reserve Rule

A team can't place a bid that would leave it unable to afford the minimum remaining squad (12 players) at base price. Once a bid would push the team below (players still needed × ₹50,000) in reserve, that bid is blocked automatically.

Timeouts

Each team gets **3 strategic timeouts of 90 seconds each** during the auction, to be used at the manager's discretion during a live bid.

Roll & Unsold Rules

Players are rolled at random within their skill category (Batting / Bowling / All-Rounder [Batting] / All-Rounder [Bowling]). A player who goes unsold isn't re-offered within the same round, but becomes eligible again once that round completes.

6 League Schedule & Team Allocation

Team slots (A / B / C / D) will be assigned to actual teams via random draw — chits picked, or a digital random pick — on Players' Auction day.
